

**1. WALL:**

- concrete or made of ceramic, concrete, lime-sand, cellular concrete or stone elements

**2. ADHESIVE FOR MINERAL WOOL PANELS:**

- mineral adhesive ATLAS ROKER U  
ATLAS ROKER W  
ATLAS STOPTER K-50

**3. THERMAL INSULATION:**

- mineral wool panels  
thickness according to thermal calculations
- lamella mineral wool panels  
thickness according to thermal calculations

**4. ADDITIONAL FIXING:**

- mechanical fixings (anchors),  
determined in the insulation design, admitted to trading

**5. BASECOAT:**

- mineral adhesive ATLAS ROKER U  
ATLAS STOPTER K-50

**6. FIBRE-GLASS MESH**

**7. PRIMING MASS (depending on the render type):**

- ATLAS SILKON ANX
- ATLAS CERPLAST

**8. RENDER:**

- ATLAS SILICONE RENDER
- ATLAS SILICATE RENDER
- ATLAS SILICONE-SILICATE RENDER
- mineral ATLAS CERMIT WN  
ATLAS CERMIT ND

**9. PAINT:**

- silicone ATLAS SALTA N  
ATLAS SALTA
- silicate ATLAS SALTA S
- impregnant ATLAS BEJCA

**dwg no. 1.1.3 ATLAS ROKER**  
External Wall Insulation System (ETICS)  
based on mineral wool panels (MW)
