

1. CEILING: concrete slab

2. ADHESIVE FOR MINERAL WOOL PANELS:

- mineral adhesive ATLAS ROKER U
- ATLAS ROKER W

3. THERMAL INSULATION:

- mineral wool panels
thickness according to thermal calculations
- lamella mineral wool panels
thickness according to thermal calculations

4. ADDITIONAL FIXING:

- mechanical fixings (anchors), determined in the insulation design, admitted to trading

5. BASECOAT:

- mineral adhesive ATLAS ROKER U

6. GLASS FIBRE MESH

7. PRIMING MASS (DEPENDING ON THE RENDER TYPE):

- ATLAS SILKON ANX
- ATLAS CERPLAST

8. RENDER:

- silicone ATLAS SILICONE RENDER
- silicate ATLAS SILICATE RENDER
- silicone-silicate ATLAS SILICONE-SILICATE RENDER
- mineral ATLAS CERMIT MINERAL RENDER

9. PAINT:

- silicone ATLAS SALTA N
- ATLAS SALTA
- silicate ATLAS SALTA S

A. Vertical surfaces insulated with ATLAS ETICS system

B. Ceiling insulated with ATLAS ROKER G system (variant II)
